MEDEVAC or we
will modify to
include other
types of Reports

Hook a User for
One-to-One PTT
Communications

Attach Size to
Mil-SDT
Markers or
First
Responder
Markers

Next month we will introduce our integrated full motion MJPEG video between LifeRing devices. Androids can stream videos from their built-in cameras and PC can use IP cameras. Other Android and PC users can simply hook a user's symbol to view their real-time video stream. A PC Command can be enabled to view up to 8 stream simultaneously.

LifeRing – Complete, Affordable C4I Everywhere!
