

### LifeRing 5.08 is now available!

Our latest version of LifeRing is now available. You can download the new installers for both LifeRing Military and LifeRing First Responder Apps on our website at:  
<https://www.agisinc.com/download/>

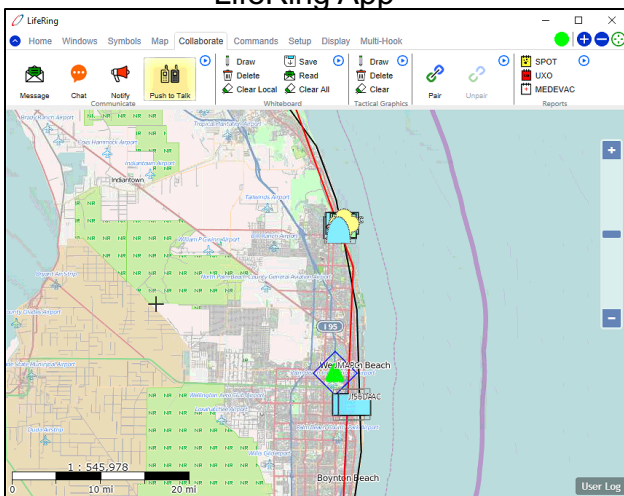

You can use the LifeRing Military App compatible Web-Client by going to [www.liferingmilitary.com](http://www.liferingmilitary.com) and to the First Responder Web-Client by going to [www.liferingfirstresponder.com](http://www.liferingfirstresponder.com)

We have made some significant improvements in 5.08 including:

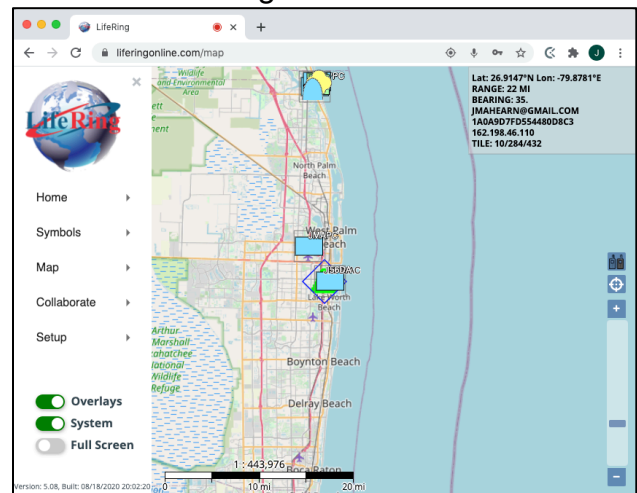

- The ability to stream video between Android handsets that can be viewed on the PC Client.
- An improved and expanded Tactical Graphics UI.
- Additional Tactical Graphics and Whiteboard functionality is now integrated into the Web-Client system.
- Push-to-Talk is now integrated into the PC and Android Web-Clients.
- The PC Notify function is expanded to send GCM/FCM Notifications to LifeRing handsets even when LifeRing is not running.
- The PC ability to attach profile information to entered Symbols and your User Symbol
- The ability to attach photos, PDFs, Word Docs and other file types to Messages between PC Thick-clients all Web-clients

Plus many other enhancements at the server level.
