

LifeRing Features New Symbol Options for Markers and Tracks

LifeRing now supports new symbols for AIS ship data tracks, ADS-B air data tracks and the ability to switch from Mil-Stand 2525 Marker symbols to NTDS (Navel Tactical Display System) symbols.

The Hooked AIS track data includes the Vessel Name, Type, Call Sign, Destination, MMSI and IMO Designations as well as Range and Bearing and Length, Width and Draw. The Air Tracks now display as distinct Plane icons and the hooked data includes the Call Sign, Heading, Speed and Altitude as well as Range and Bearing and its flight path history.

Different Colors Easily Identify Vessel Type

TRACK

AGIS_AIS3646 UNK SEA AIS
OILER/TANKER
Lat: 55.6885
Lon: 12.9472
09/7, 18:05:42 NOLR
H: NS S: 0 A: 0
Range: 4828 MI Bearing: 72.

Basis: GPS
CSign: PDDY
Dest: SE MMA
Time: 09/7, 18:05:42
MMSI: 244690752
Name: THUN GREENWICH
IMO: 9388479
