

AGIS Featured in Interview with RAINCLOUD DEFENSE

AGIS, Chairman and Co-founder Cap Beyer was recently featured in an interview with RAINCLOUD DEFENSE, a Global Business and Knowledge Hub for the Defense Tech and Innovation Ecosystem. RAINCLOUD DEFENSE is an invite-only business and knowledge hub specifically designed for the Defense Tech and Innovation ecosystem, connecting over 4,600 members and 4,600 companies.

Cap shared his extensive experience in developing command and control systems, spanning over 50 years, starting from his time at the Naval Academy and his involvement in developing the first joint service Marine Corps Air Force Navy intelligence system deployed to Vietnam.

The interview highlights AGIS's core solutions, including their advanced common operational picture C2 system that operates on various devices and facilitates voice, data, and video communications, as well as their TE (Tactical Edge) system.
